SUMMARY:

Motivated **Computer Science and Engineering** student at KCG College of Technology with a strong interest in software development. Skilled in C, Java, and Python, with a solid understanding of **data structures and algorithms, and problem-solving.** Eager to apply my skills to build practical and innovative software solutions.

EXPERIENCE / PROJECTS:

- RepuNEXT - **Frontend Developer Intern** (Health Bridge Project) **JUNE-JULY'25**
  - Contributed to **Health Bridge**, a digital healthcare platform that connects patients and doctors enabling seamless online consultations, appointment booking, and medical record access through a responsive web interface.
  - Built responsive React.js interfaces for a healthcare app, integrated APIs with Axios, added role-based routing, and optimized performance using lazy loading.
  - **Tech Stack:** React.js, Redux Toolkit, Axios, CSS, GitHub.

- AI-Powered Emotion Tracking System – **Backend Developer** **SEPT INNOTHON'24**
  - Served as the **Backend Developer** for an AI-powered web app that detects emotions in real time using Flask APIs and Gemini AI . Collaborated with the frontend team to integrate "React.js and Redux" and used MongoDB to track emotional data.
  - **Tech Stack:** React.js, Redux Toolkit,Tailwind CSS, Flask, MongoDB.

TECHNICAL SKILLS:

- **Programming Languages**: C, Java, and Python
- **Tech Stack**: HTML, CSS, Javascript, React, Tailwind CSS, Flask, Firebase, MySQL
- **Tools**: Git, GitHub
- **Concepts**: Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, and DBMS

EDUCATION:

- **KCG College of Technology, Karappakam, Chennai** **2022-2026**
  Bachelor of Engineering in **Computer Science and Engineering**
  Current CGPA: 7.54/10
- **KCS Higher Secondary School, Royapuram, Chennai** **MAY 2022**
  Higher Secondary **Certificate in Computer Science**
  12th – Percentage: 82%

ACHIEVEMENTS :

- Solved **150+ DSA problems in Java** across platforms such as **Leetcode and HackerRank**.
- Secured a **Top 5 Position** in INNOTHON '24 Hackfest for developing an innovative **AI-powered Emotion Tracking System**.

SOFT SKILLS :

- **Communication:** Strong verbal and written communication, Active listening, and Teamwork**.**
- **Problem Solving:** Analytical thinking and Creativity in finding effective solution.
- **Professional Growth:** Self motivated, Eager to learn, and Committed to continuous improvement.
